## Bloxx Yellow

Stacking block to place in the corner of the frame. Up-and-down stacking of frames is 50% faster. Suitable for straight and curved frames.

## Lifting tool

Bloxx lifters make stacking and unstacking multiple frames quick and easy. Made of durable plastic.

## Bloxx Black

Stacking block for easy and quick stacking of 2 rows of frames. Ideal tool for securing lashing straps.

## Transportbox

Storage box for BLOXX. Clearly visible from outside what is inside the box. Made of durable plastic.

### Faster stacking

Stack up to 50% faster with standard frames, and stack up to 70% faster with mixed frames.

### Only 1 person

Stack and unstack matrix frames with only one person.

### Payback period

Save labor costs and earn back your investment by stacking frames only 5 times.

### Designed to last

Created with sustainability and durability in mind to ensure a longer lifetime.

## Existing corners versus Bloxx

The BLOXX products make stacking matrix frames more convenient, easier and faster.
